After spending many years installing microbreweries and brewpubs and training brewers all over the world they decided to bring their wealth of knowledge and experience home to Vancouver. R&B Brewing produces consistent, high quality, hand crafted ales such as Red Devil Ale, Raven Cream Ale, Sun God Wheat Ale and Hop Goblin India Pale Ale. AN EVENING WITH THE DUKE OF WELLINGTON

Save the date for an evening of pithy cheers, silly hats and **Beef Wellington** in honour of Arthur Wellesley, 1st Duke of Wellington (November 14th, 1769 to September 14th, 1852). Arthur Wellesley was a soldier, a statesman and a leading military and political figure of the nineteenth century. Although there has been many Dukes of Wellington since, only he is referred to as "The Duke of Wellington" - He is credited with inventing the rather decadent Beef Wellington and this night, Hamilton Street Grill will both celebrate and serve that decadent dish in a special dinner. Details to follow ...

Wear your best period hat as there will be a prize!
